Date:

Building Name: Dollar General Store
Public/Private Access

Description:

The Dollar General Store is located on the easterly side of N. Main Street adjacent to the south side of the ACME parking lot. The store appears to have originally been three separate buildings that have been unified on the street facade through a treatment with stucco and enameled square panels. The stucco was applied to the second story and in addition 5 windows were sealed. The enameled panels were fastened over the first floor area. A pent roof canopy extends forward from the top of the commercial floor and plate glass windows. The roof of the southern portion is flat and that of the north portion gabled. The building is in a good state of repair.

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

The relationship of these buildings to the district is strongly challenged by the impact of the changes to their facades. In spite of this, their similarity in scale to the other buildings in the district and the role of supplying continuity to the streetscape should not be overlooked. It is this sense of scale and proportion that these buildings contribute to the commercial district.
